The Pima County Back to Business, Attractions Group made the following suggestions. This temporary guidance applies to all Attractions. In addition if the attraction has a restaurant component, compliance with the Restaurant and Bar Group is also required and will be in effect for the length of the pandemic and until all restrictions are lifted by the Governor. The measures also apply to event spaces and catered functions.

Compliance with such standards is to be validated during regular operator inspections. All establishments that document adherence to the minimum best practice standards below will earn a Pima County Best Practice Pledge badge that can be displayed electronically or physically to provide a visible symbol of the commitment to the communities health and well-being.

Minimum Employee, Vendor, Delivery Service Health and Wellness Measures:

1. Wellness/symptom checks, including temperature checks for all Attraction personnel, vendors, contractors, third party delivery service workers, etc. as they arrive on premises and before opening of an Attraction. Patron wellness checks are recommended but not required.

2. Cloth masks and frequent hand-washing is required for all staff and volunteers.

3. Any patron exhibiting symptoms of COVID-19 is prohibited from entering the facility.

Minimum Attraction Operation Measures:

4. Physical and electronic signage posting at the Attraction entrance of public health advisories prohibiting individuals who are symptomatic from entering the premises.

5. Indoor occupancy limited to 50 percent or lower unless physical distance standards can be achieved with higher occupancy. Outdoor Attractions are also limited in capacity by social distancing and the ability of the Attraction to clearly monitor attendance in the outdoor space.

6. Attendance by reservation or advance ticketing is strongly encouraged to control guest entry and exit to comply with physical distancing.

7. Physical distancing of 6 feet minimum throughout the attraction.

8. Clearly marked 6 foot spacing marks throughout the attraction, along entrances, hallways, restrooms and all exhibits. Frequently touched indoor/outdoor exhibits or any exhibit that would not allow physical distancing should be closed.
9. Hand sanitizers available at entrances to the attraction, restrooms and in employee work areas.

10. Elimination of self-service stations including water fountains, unless touchless. Nothing prohibits the serving of bottled water.

11. Sanitize customer areas through-out the attraction with EPA-registered disinfectant, including but not limited to: entry and exit points, and tables or chairs open to the public.

12. Post cleaning log documents on line and at the entrance documenting cleaning of all public areas (inclusive of counter tops, door handles, waiting areas, etc.) at least every 2 to 3 hours.

Additional measures to consider:

13. Implement touchless payment methods if available.
