Who is dtp

Downtown Tucson Partnership (DTP) is a 501(c)6 organization working to promote the continued vitality of Downtown Tucson. We care about everyone in our urban center including those experiencing homelessness, which is why we want to help connect those in-need with available services.

What we do

Through a partnership with Old Pueblo Community Services (OPCS), individuals experiencing homelessness are receiving services and being placed in homes and shelters utilizing the Housing First model. Onsite interviews and assessments were provided by a dedicated community engagement specialist at homeless encampments and on the street via a DTP Connects mobile unit. The mobile unit continues to make contact with individuals every weekday.

By collaborating with various organizations in the Tucson area, we are reducing homelessness in our city.

How to connect

If you see someone who needs assistance, have a question, see a safety concern or want to lend a hand - contact us! We are on the street (in purple shirts) seven days a week, every day of the year.

Call:

DTP Security: 520.940.1038
DTP Maintenance: 520.940.0806
Crisis Hotline: 520.622.6000
OPCS Client Intake Office: 520.546.0122
Emergencies: 911
